Dear Sir,

I am writing you concerning a taped interview you had on a radio talk show here in Pittsburgh on 2-27-76 about your books Postmortem and Whitewash.

I am very intrested in the Kennedy case and goverment in general. Mr Wiseburg I have no money to buy your books at this time, because I've just got here and it will be some time befor I am able to work and get paid, which will still take months to achieve enough to buy your books. Because I will only be making fifty cents a day. So I am asking you if you have any books that may be damaged in some way could you or would you send them to me. I guess I'll be able to pay the postage and if you would write me in the next few months I may have the money to pay for anything you send me.

Thank you very much
Frank Kennedy P-0442
